What types of solar systems are available in New Zealand?

Single phase and multi phase systems are available, either grid connected or totally independent of the grid. We specialise in Off Grid Solar Energy solutions which we offer New Zealand wide. Our team will travel to you to complete the installation personally to the highest standard.

How to choose off grid solar NZ?

As a result, choosing off grid solar NZ becomes a straightforward decision rather than a technical puzzle. Because needs vary, we'll tailor panel count, battery size, and mounting to your dwelling and show the cost impact line by line. Additionally, we consider winter sun hours, shading, and roof space to fine-tune your quote.
