**What are network cabinets & server racks?**

Our cabinets are manufactured from the best materials and to the highest international standards. Network cabinets and server racks help with neatly storing and securing equipment and ensuring easy access for maintenance and monitoring. Our cabinets assist with cooling and airflow, as well as reducing clutter.

**Are Apollo server cabinets made in South Africa?**

Engineered in South Africa using Aluzinc or Stainless Steel to withstand extreme heat, rain, and vandalism. Discover the Apollo Wall Mounted Server Cabinet range. Locally manufactured in South Africa, SITA certified, and featuring a modular flatpack design for efficient logistics and rapid deployment across Africa.

**What is the acconet 20U outdoor ventilated cabinet?**

The Acconet 20U Outdoor Ventilated Cabinet (RM-CAB-20U-IP55-OUT) is an IP55-rated enclosure engineered for outdoor environments. It provides reliable protection for network equipment and other rack-mounted devices against dust ingress and low-pressure water jets. The cabinet's ventilated design promotes airflow to help maintain optimal operating...

**What is the acconet 27U floor standing cabinet?**

The Acconet 27U floor standing cabinet provides a secure and organised housing solution for standard 19-inch rack-mountable equipment. With a depth of 1000mm, it is suitable for accommodating network switches, servers, and other IT hardware. This model is supplied unassembled (flat-pack) for convenient transportation and on-site assembly.
