What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

Are polycase enclosures IP67 rated?

Polycase's IP67 ratedenclosures and boxes provide protection for your electronics in indoor and outdoor applications. Meeting IP67 requirements ensures waterproof enclosures provide security for housing internal components in wet environments.

What accessories are available with my IP67 enclosure?

Accessories: Our IP67 enclosures are also available with numerous electrical enclosure accessories,including cable glandsfor protecting connector pass-throughs and DIN rails for mounting terminal blocks and other hardware.

For outdoor telecom cabinets, especially those exposed to varying weather conditions, a higher IP rating is generally recommended to ensure the equipment inside is adequately protected.
