What is an IP65 enclosure?

An IP65 enclosure offers protection suitable for both indoor and outdoor applications. The first digit,6,denotes totally dust-tight protection. The second digit,5,stands for watertight protection against dripping,splashing,leaking and low-pressure water jets.

What are the different types of IP65 rated boxes?

IP65 rated boxes are available in plastic,aluminum and steelvarieties. With a wide range of sizes and styles to choose from it's easy to find the perfect IP65 junction box or enclosure solution. IP65 enclosures are extremely versatile due to their ability to withstand dirt,dust,debris and low-pressure water jets.

What does IP65 mean?

The second digit,5,stands for watertight protectionagainst dripping,splashing,leaking and low-pressure water jets. IP65 is a common rating for commercial and industrial enclosures that need strong basic protection. IP65 Electrical Enclosures from Polycase
