What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What is a telecom cabinet?

The telecom cabinets by TECO are designed for continuous operation in aggressive outdoor environments. Protection against dust and moisture according to IP55. Outdoor Cabinet 44U NF-F Series with air conditioner and anti-theft belt for power systems; Outdoor Cabinet 44U NF-F Series with air conditioner for power systems;

Is Aze a NEMA 3R rated outdoor enclosure?

Yes, AZE specializes in NEMA 3R, 4, 4X, IP55, and IP65 rated outdoor enclosures designed to protect your equipment in harsh environments. Our enclosures are built to withstand rain, dust, corrosion, and extreme temperatures, making them ideal for telecommunications, utilities, oil & gas, and industrial applications.

What is the design of the TECO cabinet?

Designed cabinets guarantee protection against unauthorized access: all elements of the case are hidden or protected by additional metal plates. The door of the TECO cabinet is designed with a unique anti vandal belt, hidden fasteners, stiffeners, and a 3-point safe-type lock with safety class 4.
