Does LG have a solar energy storage system?

In September 2022, LG Electronics launched the Home 8 residential energy storage system, an AC-coupled battery with a built-in inverter. LG's home batteries provide all the standard advantages of solar batteries, including backup protection against grid outages, time-of-use load-shifting, and greater energy independence.

Who is LG Energy Solution?

action to do so promptly. Already known for making quality, dependable products and appliances, LG Energy Solution is a household name that you can trust. Unlike most home battery makers, LG Energy Solution is a global battery cell manufacturer, manufacturing the battery cells that go in the home battery.

Is LG a good battery storage company?

LG is one of the leading companies in the home battery industry. While most homeowners are familiar with LG's electronics and home appliances, fewer are aware of the industry-leading home battery storage products that LG offers.

Why should you choose LG Energy Storage Systems?

LG is proud to lead the charge toward a greener future with stylish and dependable electrification solutions. With our all-in-one Energy Storage Systems, we're committed to providing more reliable, renewable energy to power your home when you need it and peace of mind when you don't. Home is where the 'smart' is.
