-----  
How much does a server rack cost?

A full rack averages 3-5 kW or \$300-\$1,000 monthly. Hence, high-performance environments using 10-20 kW of power may spend between \$1,000 and \$4,000 each month. ServerMania's Montreal colocation facility, powered by 99% renewable energy, offers one of the lowest power costs in North America, making it ideal for energy-efficient operations.

How do I calculate the cost of a data center rack?

Our calculator does it for you. Simply choose one of our data center rack hosting options or enter your current colocation costs, fill the power input and the price of electricity per kWh. The result will be the total monthly cost associated with the rack or server space rental, connectivity and power consumption.

How much does rack space cost at QuoteColo?

QuoteColo offers full rack space for medium and large web based companies, starting from \$700 depending on the data center location and server rack space rental agreement. Full racks range from 42-44U, 30-40Amps 110v and 100Mbps. Advantages of Rack Space Rental
