What are battery enclosures & cabinets?

Battery enclosures and cabinets are a safe way to store batteries and to protect them from the elements as well as providing a line of defense against theft.

What is a bison profab battery enclosure?

Bison ProFab designs and manufactures each solar energy battery enclosure to meet these and other crucial requirements at pricing that ensures the viability of alternative energy projects. Most commonly made from aluminum these enclosures can also be fabricated using galvanized steel, carbon steel, stainless steel

Do heavy batteries need a solar battery box?

Heavy batteries demand a solar battery box with extra strength and durability. In order to protect outdoor batteries from weather and damage, Bison Profab manufactures custom NEMA 3R enclosures.

What is a solar battery box?

This product is perhaps more commonly called a "solar battery box" but is also referred to as a "pole mount battery box". Some battery boxes are large enough to be considered battery cabinets and are usually made from painted steel. Battery enclosures keep your batteries safe from weather and safe from theft.
