Do I need a power adapter in Grenada?

If your devices are compatible with these specifications, you will not need a power adapter. However, if your devices use a different plug type or are not compatible with the voltage in Grenada, you will need a power adapter and/or a voltage converter/transformer.

What type of power plug is used in Grenada?

In Grenada, the power plug sockets are of type G. The standard voltage is 230 V and the frequency is 50 Hz. A power plug adapter is needed if you're traveling from a country with a different plug type, such as Canada.

What voltage is used in Grenada?

In Grenada, power plugs and sockets (outlets) of type G are used. The standard voltage is 230 V at a frequency of 50 Hz. Grenada, often called the "Spice Isle," is a Caribbean island nation known for its lush rainforests, stunning beaches, and rich history.
