Where can I find IP55 enclosures?

Find IP55 enclosures at Bison Profab, offering reliable protection against dust and low-pressure water jets. Learn about IP55 specifications and ideal uses.

Is an IP55 electrical enclosure suitable for outdoor use?

Normally, IP55 electrical enclosure provides moderate protection against dust and water, making it suitable for outdoor use in relatively harsh environments where the unit may be exposed to weather conditions, but cannot be sprayed directly with water or submerged in water.

What does the second digit mean in an IP55 enclosure?

The second digit indicates the extent of protection against water. We carry IP55 enclosures that demonstrate almost complete protection from particles and a good level of protection against water. All of our enclosures rigidly adhere to the guidelines, so you can count on outstanding and cost-effective enclosures.
