Adjustable dc regulated power supply is widely used in industrial control, electronic power,electroplating,communication, scientific research, instrument, military, medical, ...

Open Compute and Data Center Power Solutions The OCP power distribution architecture for centralized power supply systems is an ideal solution for applications requiring a high degree ...

6.1 Openness This specification will hopefully serve as the future fundamental base for a disaggregated power rack to deliver ±400VDC to a nearby IT rack. The base of the ...

Uninterruptible Power Supply INVT UPS power supply is the leading all-digital power product, which has integrated the most advanced technology achievements in power electronics and ...

Matsusada Precision product rack mount High-voltage power supply AK series: Designed to be highly reliable, it features low noise and stable ...

Power architectures are changing rapidly to HVDC (270-380-600-700V) for high efficiency power distribution. New standards and components have simplified the challenge of stepping down ...

We are an Italian company operating in the world of Uninterruptible Power Supplies since 1977. Experience in the field allows us to propose quality UPS, mainly made in Italy.

The Liebert® ITA2 UPS offers economical, efficient and reliable three-phase power for critical loads up to 40kVA 400V or more. Use in a rack-mount or ...

Microsoft and Meta have been working on a new open rack design for AI data centers which separates power

and compute into different cabinets. Known as Mount Diablo, ...

Sorensen SGA 400-25, Programmable Power Supply 10kW 400V 25A Features High Power Density: Up to 15 kW in a 3U / 30 kW in a 6U chassis Wide Voltage Range: 0-40V up to 0 ...

Vertiv(TM) Liebert® ITA2 offers best-in-class efficiency of up to 96.3% and is ideal for various deployments, whether it is for automation control systems, IT racks and precision instruments ...

Riello UPS power supply solutions, producing high-grade, low-impact UPS power delivery units. Delivering uninterrupted and unbreachable power to work and...

With the simultaneous launch of the Kyber architecture and the 800V HVDC system in 2027, the global AI infrastructure will enter a new power era. From rack design, energy ...

With Vicor's Equalizer in the powered equipment power supply chain, there is no efficiency penalty in supporting the ETSI EN 300 132-3 ...

Offering UPS, Telecom power & Data Center solutions, batteries, IT infrastructures, and more to help our customers to provide a turnkey solution with Italian quality for wide technological ...

We are an Italian company operating in the world of Uninterruptible Power Supplies since 1977. Experience in the field allows us to propose quality ...

It is the manufacturer of the first computer power supply in China. Its products cover server power supplies, desktop computer power ...

The 400v power supply for this voltage may also be available in our AD-DC Wide Adjust Output power supplies or our High Voltage power supplies . If you cannot find the specs you need, we ...
