What is the smallest irrigation kit?

Our smallest irrigation kit, the SOL-C12L, is perfect for smaller gardens, greenhouses, hanging baskets and pots. The Solar Impulse award-winning SOL-C24L is the ideal automated watering system for medium gardens or greenhouses. The SOL-C60 irrigation system is the perfect automatic watering solution for those with large gardens and greenhouses.

What is the best automatic irrigation system?

The SOL-C60 irrigation system is the perfect automatic watering solution for those with large gardens and greenhouses. The SOL-C120 irrigation kit provides optimal watering for large domestic gardens, borders and professional horticulture.

Is automatic irrigation better than manual irrigation?

Automatic irrigation is more convenient and efficient than manual irrigation, faster plant growth and higher yield. This efficient irrigation kit fits up to 8 pots and is suitable for soil, rockwool, clay pebbles, soilless cultivation (rockwool, coco coir, mixed substrates) or almost any other growing medium.

What types of irrigation kits are available?

Our irrigation kits are available in Water Butt Series standard kits of 12 and 24 IU's, and the larger capacity Tank Series, 60, 120 and 180 IU's. They are perfect for small to larger gardens and are ideal for automatic watering at heights of up to 5 metres.
