Is Morocco a powerhouse in Africa's EV industry?

Despite being in the early stages of developing its domestic EV industry⁴, Morocco has established itself as the leading powerhouse in the African automotive sector - lately since the country overtook South Africa in 2018 as the continent's largest car manufacturer.

How much has the US exported to Casablanca?

The United States has exported more than \$10 million in passenger cars over the last year to the major port of Casablanca, in Morocco. Find one of the companies that have helped to make up this number to ensure that your vehicle makes it to this coastal African city safely and without incident.

Where do cars ship to Morocco?

Among the most common U.S. ports from which cars ship to Morocco include Boston, Norfolk, Miami, New York, Houston, and Baltimore. There are other ports from which cars might ship to Morocco, but because shipments happen frequently from these ports, you may get the better rate.

How many cars are there in Morocco?

4 By the end of 2023, Morocco's automotive landscape featured a total of 6,646,028 vehicles, including 2,936,528 passenger cars, 2,481,486 motorbikes, and 1,228,014 commercial vehicles. Battery electric vehicles (BEVs) totaled approximately 1,457, and hybrid electric vehicles 24,176, supported by about 290 charging stations.
