What is ninedot's new battery energy storage project?

An innovative battery energy storage installation supported by NYSERDA brings grid benefits and decarbonization into a crowded urban area. NineDot's first battery project on a very small plot of land in the northeast Bronx went live in 2023. Source: NineDot Energy. Active site: 7,000 square feet (1/6 of an acre)

Is ninedot energy a powerhouse?

Ten years into its mission to green New York City's fossil fuel-dependent power mix, community-scale battery storage developer NineDot Energy is itself a powerhouse, having secured US\$65 million in financing from First Citizens Bank.

When did ninedot start a battery project?

NineDot's first battery project on a very small plot of land in the northeast Bronx went live in 2023. Source: NineDot Energy. Active site: 7,000 square feet (1/6 of an acre) Battery storage: Four Tesla megapacks, 12 megawatt-hours (MWh) Power supplied to the grid: 3 megawatts (MW-ac)

Where is ninedot energy located?

Founded as a New York-based company and located at the NYU Urban Future Lab, NineDot creates innovative urban energy solutions. They currently have BESS sites in the Bronx, Brooklyn, Queens, and Staten Island as well as Westchester County and Long Island. NineDot Energy developed this battery site in the Bronx.

NineDot's initial battery storage site, located in the Pelham Gardens neighborhood of the Northeast Bronx, became operational last summer - a first-of-its-kind community-scale ...

"There is a large and growing investment opportunity to support a more resilient electric grid while reducing carbon emissions," said Pooja Goyal, Chief Investment Officer of Carlyle's ...

NineDot Energy is installing battery and fuel cell-based energy storage projects in NYC and wants to have up to 50 battery sites in ...

NineDot Energy is on track to meet its goal of having 400MW of battery storage in development, construction or operation by the end of 2026.

NineDot's initial battery storage site, located in the Pelham Gardens neighborhood of the Northeast Bronx, became operational last summer. The company is said to have ...

NineDot Energy is installing battery and fuel cell-based energy storage projects in NYC and wants to have up to 50 battery sites in development, under construction, and ...

NineDot Energy ®, the leading developer of community-scale battery energy storage systems (BESS) in the New York City metro area, today announced the closing of the ...

Albany, NY - The New York Battery and Energy Storage Technology Consortium (NY-BEST) is proud to announce the recipients of its inaugural Energy Storage Partnerships Awards, ...

Projects Expected to Deliver Clean Energy to Customers by 2024 As part of its mission to build a stronger, more resilient energy grid for the hometowns it serves, Pacific Gas ...

The money will support NineDot's purchase of nearly 100 megawatts of batteries, which it plans to deploy in up to 20 battery-storage projects across the Big Apple, the bank and ...

Developers of small- and utility-scale battery storage find permitting and connecting to the energy grid is an arduous and costly ...

Pacific Gas and Electric Company (PG& E) is proposing nine new battery energy storage projects totaling about 1,600 MW, as part of ...

An innovative battery energy storage installation supported by NYSERDA brings grid benefits and decarbonization into a crowded urban area. NineDot's first battery project on a very small plot ...

That's a win-win for Virginia." The SCC approval includes nine solar projects and one energy storage project - totaling nearly 500 MW - ...

Clean energy projects developer NineDot Energy has unveiled its first battery energy storage site in the Bronx, New York City that comprises a 3.08 MW/12.32 MWh Tesla Megapack battery ...

2. What are battery energy storage systems (BESS)? 3. What's the history of battery storage development in

New York City? 4. What are other benefits of community-scale ...

NineDot's initial battery storage site, located in the Pelham Gardens neighborhood of the Northeast Bronx, became operational last ...

As New York City pushes toward a cleaner energy future, NineDot Energy has emerged as a leader in urban battery energy storage solutions, growing from three founders ...
