-----

We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage systems, server cabinets and other sheet metal enclosure OEM services..

The Skopje phase change energy storage project aims to fix this energy storage dilemma through thermal banking technology that's 40% more efficient than lithium-ion batteries.

? Solar meets storage: 47% of new North Macedonian solar projects now include battery systems (think of them as sunlight savings accounts) ? Grid gymnastics: Skopje's ...

Consolidated Edison Solutions, Inc., a subsidiary of Con Edison Clean Energy Business, has acquired an 85% stake in a solar-plus-storage project in North Macedonia, ...

The Bitola 2 solar power plant is part of North Macedonia's efforts to increase the share of renewable energy in its grid. This facility will be built within the Bitola mining-energy ...

The US-based Pomega Energy Storage Technologies, specialising in lithium iron phosphate battery production, will install a 62-megawatt (MW)/104-megawatt-hour (MWh) battery energy ...

That's exactly what North Macedonia is aiming for with the Skopje Energy Storage Power Station, a grid-scale battery project that's turning heads across the Balkans. But here's ...

Let's face it: North Macedonia isn't the first country that comes to mind when you think of energy storage batteries. But here's the kicker--this Balkan nation is quietly becoming ...

Traditional power infrastructure simply can't keep up with the 23% surge in industrial energy demand since

2022. Well, here's the kicker - customized energy storage containers might just ...

China-based Cubenergy will provide the energy storage systems while YESS Power will manage all engineering, procurement, installation, and commissioning phases. This ...

A new energy law adopted in May 2025 is expected to further accelerate the uptake of battery storage. State-led solar and wind projects, along with investments in grid ...

A city where sudden power outages become as rare as unicorn sightings, and solar panels work overtime even after sunset. That's the promise of the Skopje Energy ...

Luxembourg-based Zen Energy Group has started the installation of a hybrid energy project in North Macedonia, combining a solar power plant and a battery energy ...

What's Next - Flying Wind Turbines? While Skopje's gravity system turns heads, the industry's already buzzing about thermal energy storage using molten silicon (yes, the stuff ...

Explore Energy Storage Systems (ESS), critical factors in choosing manufacturers, and top brands in the industry for a resilient energy future.

But hold onto your charging cables, because North Macedonia's capital is quietly becoming a lab for new energy storage in Skopje. From solar farms that moonlight as battery ...

We specialize in energy storage systems, energy storage cabinets, battery energy storage cabinets, outdoor cabinets, power supply cabinets, communication cabinets, ...

With EUR25M in EU grants allocated through 2026 [5], North Macedonia's storage revolution is charging faster than a Tesla at a supercharger. The real question isn't "if" but ...
