What is off grid solar?

Reduce or eliminate your high electric usage with no money out of pocket with off grid solar. Name brand, battery based, true off grid solar systems. Charge your EV with free energy from the Sun day or night. Advanced energy storage systems for residential and industrial applications.

Are off grid solar systems a good choice?

Over the past 6 years, dozens of overseas manufacturers have jumped on the off grid bandwagon. These systems are OK for occasional, light duty, non critical off grid applications but they tend to fail right when you need them most. At Off Grid Solar, we never include low cost, overseas knock off products in our systems.
