IP55 Rated | 24U | AC110V or 220V 2700BTU Cabinet Air Conditioner

What is an outdoor Telecom cabinet?

Technologies such as digital transformation, Industry 4.0 and Big Data create revolutionary differences in our lives. Outdoor Telecom Cabinets are rugged enclosures designed to protect telecommunications equipment from environmental factors while providing secure access for maintenance.

What is a telecommunication cabinet?

The cabinet is an ideal solution for physical connections of outdoor telecommunication equipment, transmission equipment, power equipment, monitoring equipment, lithium batteries and other supporting equipment. Both active telecom equipment and passive telecom equipment can be accommodated inside the cabinet.

What is an outdoor telecommunication enclosure?

Damage-resistant and reliable outdoor enclosures are key for outdoor telecommunication applications from cell tower sites and fiber optic networks to substations. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices.
