Our company is looked upon as one of the celebrated Telecom Cabinets Manufacturers in India. Well reputed organizations like selvon instruments and exicom telesystems ltd. are placing bulk orders for the Tubular Telecom Cabinets that reflects the genuineness of the products more... Let our Experts answer you.

How much does a large telecommunication cabinet cost?

Large indoor cabinets are designed for extensive telecommunication systems in controlled environments like data centers. These telecom racks provide ample space for organizing equipment and often include advanced cable management and cooling systems. Prices for large indoor cabinets range from \$2,000 to \$10,000 or more.

What are outdoor Telecom cabinets?

Outdoor telecom cabinets are built to withstand harsh environmental conditions. These enclosures protect telecommunication equipment from rain, dust, extreme temperatures, and unauthorized access. They are commonly used in remote locations, such as cell tower sites, roadside installations, and industrial areas.

What is an indoor Telecom cabinet?

Indoor telecom cabinets are designed for controlled environments like data centers, server rooms, and office spaces. These enclosures provide a secure and organized space for housing telecommunication equipment. Since they are used indoors, they do not require extensive weatherproofing.

Prices for small outdoor cabinets typically range from \$500 to \$2,000, depending on the materials and features. For example, a basic model made from galvanized iron may ...
