---

Construction is scheduled to begin in August 2025, with commissioning planned for the second quarter of 2026. The project is supported by Ekonerg, a Croatian owner's ...

The groundbreaking ceremony for Croatia's largest photovoltaic power project, to be constructed by Chinese companies, was held Thursday in Korlat.

Chinese engineering giant China North Industries Corporation (NORINCO) is developing solar power plants in the Balkans that, once completed, will rank as the "largest" in ...

Space-based solar power is deemed to be technically feasible primarily because of advances in key technologies, including lightweight ...

Croatia is expected to surpass 1 GW of solar power by 2025, driven by a significant increase in installations and supportive policies. The expansion is part of the country's broader ...

On the sun-drenched plains near Benkovac in Zadar County, a transformative project is taking shape. Croatia's largest solar power plant, SE Korlat, is set to redefine the ...

HEP Group's Obrovac solar power plant is the largest in Croatia, but the utility is set to complete two slightly larger ones just this ...

Space-Based Solar Power represents an exciting frontier in renewable energy, offering a clean, sustainable, and virtually limitless source of power. While challenges remain, ...

On May 15, the groundbreaking ceremony for the Korlat Solar Photovoltaic (PV) Project in Croatia, jointly constructed by NORINCO International Cooperation Ltd. (NORINCO ...

Croatia's new auctions offer lucrative premiums for solar, wind, and hydro power plants, with EUR 257.2 million in support up for grabs. Don't miss out on this green energy opportunity!

JA Solar is to supply its high-performance DeepBlue 4.0 Pro modules for the 99MW Korlat solar PV project, now under construction in Croatia. Once completed, it will be the ...

Croatia is set to allocate EUR25 million for solar plants and heat pumps in the public sector and will also issue a EUR10 million residential ...

On the sun-drenched plains near Benkovac in Zadar County, a transformative project is taking shape. Croatia's largest solar power ...

ACWA Power expands its China renewable energy strategy by acquiring stakes in 1.25 GW of wind power projects, supporting global energy transition goals.

JA Solar is to supply its high-performance DeepBlue 4.0 Pro modules for the 99MW Korlat solar PV project, now under construction in ...

Let us guide you on your solar power station for home in croatia quest with our comprehensive selection, perfectly aligned with your needs.

The Obrovac solar power plant, located in the southern coastal Zadar county in Dalmatia, is the seventh of its kind in HEP Group's arsenal.

This project marks the company's first foray into solar energy in Croatia, building on its earlier investments in wind farms in Danilo (Sibenik hinterland) and Rudine (Dubrovnik ...
