What are battery enclosures & cabinets?

Battery enclosures and cabinets are a safe way to store batteries and to protect them from the elements as well as providing a line of defense against theft.

What is a solar battery box?

This product is perhaps more commonly called a "solar battery box" but is also referred to as a "pole mount battery box". Some battery boxes are large enough to be considered battery cabinets and are usually made from painted steel. Battery enclosures keep your batteries safe from weather and safe from theft.

What are Arimon battery cabinets?

Arimon uninterruptible power supply (UPS) backup battery cabinets are available for either front access batteries or top terminal (monobloc) batteries. All battery cabinets are constructed from heavy gauge steel with a durable welded frame and acid resistant powder coated finish available in a wide range of colors.

Why should you choose a battery cabinet?

Our battery cabinets are sophisticated and offer modular solutions that can withstand even temperatures and earthquakes when it matters. **VENTILATION:** Our cabinets are specially designed for the use of stationary batteries. One important factor here is ventilation, both for cooling and for the removal of hydrogen (H₂).
